

In CHILE

WE PROTECT

CHILDREN AND TEENAGERS

WELCOME TO CHILE

We invite you to discover our country and its great cultural and natural diversity;

We invite you to enjoy our national cuisine;

We invite you to support us in caring for our environment;

We invite you to contribute to the conservation of our national artistic, natural, and cultural heritage;

Above all, we invite you to protect children and teenagers from all threats to their fundamental rights.

The commercialised sexual exploitation of children and teenagers is an extreme violation of rights. Because of this, we have laws that sanction all those who sexually exploit under 18s, as well as all those who promote or facilitate these activities.

In Chile, the government, employers, workers, the general population and international organisations are working to bring an end to this modern form of slavery.
